LOK SABHA

The following Bills were introduced in Lok Sabha on the 13th May, 1985:—

BILL NO. 114 OF 1985

A Bill further to amend the Coinage Act, 1906.

BE it enacted by Parliament in the Thirty-sixth Year of the Republic of India as follows:—

3 of 1906.

1. This Act may be called the Coinage (Amendment) Act, 1985. Short title.

2. Section 6 of the Coinage Act, 1906 shall be re-numbered as sub-section (1) of that section and after sub-section (1) as so re-numbered, the following sub-section shall be inserted, namely:—

“(2) Notwithstanding anything contained in sub-section (1), if the Central Government is of opinion that it is necessary or expedient in the public interest so to do, it may authorise the coining, in like manner as is provided in that sub-section, of coins by any person (including the Government of any foreign country), beyond the limits of India and import such coins for issue under its authority under that sub-section.”.

STATEMENT OF OBJECTS AND REASONS

There have been persistent reports of shortage of coins in the country. Government have taken various steps to meet the demand of coins. Production in the three Mints located at Bombay, Calcutta and Hyderabad has been geared up with the purchase of new machinery and equipment, overtime work and the introduction of incentive scheme for the workers so as to ensure significant increase in the production of coins. Although production has increased from 525 million pieces in 1981-82 and 660 million pieces in 1982-83 to 1,063 million pieces in 1983-84 and 1,356 million pieces during 1984-85, complaints of shortage continue. It is, therefore, proposed to import coins from foreign countries. Necessary steps will be taken to ensure security. The existing Act, namely, the Coinage Act, 1906 does not specifically provide for the manufacture and import of coins from outside the country. Hence it is proposed to amend the Coinage Act, 1906 so as to facilitate the coining and import of coins from outside the country.

2. The Bill seeks to achieve the above object.

NEW DELHI;

The 2nd May, 1985.

VISHWANATH PRATAP SINGH.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE
CONSTITUTION OF INDIA

[Copy of letter No. F. 1(30)/83-Coin., dated the 7th May, 1985 from Shri Vishwanath Pratap Singh, Minister of Finance to the Secretary-General, Lok Sabha.]

The President, having been informed of the subject matter of the proposed Bill further to amend the Coinage Act, 1906, recommends under clause (3) of article 117 of the Constitution of India, the consideration of the above Bill by Lok Sabha.

FINANCIAL MEMORANDUM

Clause 2 of the Bill seeks to insert a new sub-section (2) in section 6 of the Coinage Act, 1906, to the effect that if the Central Government is of the opinion that it is necessary, in public interest, to do so, it may authorise minting of coins by any person or Government of a foreign country and import such coins for circulation in the country as legal tender. The amendment itself will not involve expenditure as the imports would be resorted to only if the demand for coins is not fully met by the Government Mints. Appropriate budgetary provision, as may be necessary, would be made for incurring any expenditure on import of coins.

BILL No. 113 OF 1985

A Bill further to amend the State Financial Corporations Act, 1951.

section 48.

STATEMENT OF OBJECTS AND REASONS

The Financial Corporations established under the State Financial Corporations Act, 1951, have been conceived as Regional Development Banks for accelerating the industrial growth in various States by providing financial assistance mainly to small and smaller or the medium scale industries. In the light of the experience gained over the past 30 years, it has become necessary to effect certain amendments to the Act. Most of these amendments are for providing more operational flexibility to the Financial Corporations for functioning as developmental agencies.

2. The main proposals for amendments are as follows:—

(a) It is proposed to widen the definition of "industrial concern" as contained in the Act so as to enable the Financial Corporations to finance all kinds of industrial activities, with the exception of shipping, being financed by the all-India financial institutions.

(b) In view of the constantly expanding business of the Financial Corporations, it is proposed to raise the authorised share capital of a Financial Corporation from Rs. 10 crores to Rs. 50 crores or such higher amount within an overall limit of Rs. 100 crores.

(c) In order to establish an organic link between financial and promotional bodies, it is proposed to make promotional agencies like State Industrial Development/Investment Corporations, Small Industries Corporations, etc., eligible to subscribe to the shares of the Financial Corporations and thus get formally associated with them.

(d) At present Financial Corporations can issue bonds and debentures and raise deposits only if these are guaranteed by the State Governments. It is proposed to allow them to mobilise resources by issuing bonds, debentures and raising deposits which may not be guaranteed by the State Governments, to enable such of the Financial Corporations which are in a position to raise resources on the strength of their efficiency and profitability.

(e) The Act at present limits the borrowing by the Financial Corporations from the Reserve Bank against securities to ninety per cent. of their paid-up share capital. This limit is proposed to be raised to the extent of twice the paid up share capital to enable them to augment their resources through borrowing.

(f) The total amount of deposits which the Financial Corporations can mobilise at present cannot exceed the paid-up share capital of the Financial Corporations. It is proposed to raise this limit of deposits to the extent of twice the amount of paid-up share capital which could be increased up to ten times the paid-up share capital with the approval of the Central Government. This will facilitate the Financial Corporations to mobilise adequate deposits to meet their financial requirements.

(g) It is proposed to expand the list of business which the Financial Corporations could undertake. This will, *inter alia*, enable them

to undertake research and service relating to marketing and investment, carry out techno-economic studies, provide technical and administrative assistance to industrial concerns, plan and assist in the promotion and development of industries, discount bills of exchange/promissory notes, etc. The said expansion will enable them to undertake promotional and developmental work and play the role of regional development banks.

(h) It is proposed to change the present security-oriented approach of the Financial Corporations to project-oriented approach. This will enable the Financial Corporations to grant loans, like bridge loans, which are not fully secured.

(i) At present, the Financial Corporations can extend financial assistance to the extent of Rs. 30 lakhs to companies/co-operative societies and Rs. 15 lakhs in case of partnership firms and other concerns. These limits are proposed to be increased to Rs. 60 lakhs and Rs. 30 lakhs respectively. The provision in the Act restricts granting of assistance only to industrial concerns having aggregate of paid-up share capital and free reserves up to Rs. 1 crore. This limit is proposed to be raised to Rs. 3 crores or such higher limit up to Rs. 30 crores as may be specified by the Central Government. These increases will enable the Financial Corporations to assist the larger and medium projects in participation with other institutions and banks.

(j) It is proposed to provide for recovery of any outstanding liability as if such liability were arrears of land revenue. The amendment would provide a simple and effective remedy for dealing with the problem of overdues.

(k) At present the provisions of the State Financial Corporations Act, 1951 can be made applicable only to an institution in existence at the commencement of the said Act and which had for its objects the financing of industrial concerns. It is proposed to delete the condition that the institution should have been in existence at the commencement of the said Act. This will enable to apply the provisions of the Act to institutions which have come into existence after the commencement of the Act. This will establish an organic link between these institutions and the Industrial Development Bank of India.

3. It is also proposed to make certain other minor and consequential amendments in the Act.

4. The Bill seeks to achieve the above objects.
